THE STAKES

As part of Marriott brand of hotels, the Riviera Marriott Hotel has to offer excellent service that is at the level of customers' expectations.

THE SOLUTION

The Riviera Marriott Hotel rolled out 11 Rubbermaid FG618900BLA high capacity housekeeping carts, specifically one cart per floor. The cart was a good fit for the luxury hotel as it is durable, ergonomic and has a large amount of storage space. By using this, all equipment and materials required for providing a high level of service is within reach. From sheets, towels, pillowcases and toilet rolls, all the way to cleaning tools like mops, cloths, dusters and vacuum cleaners, the cart can carry all of these supplies. This means the need to go back and forth to the supply room is not as frequent and the staff can carry out their duties effectively and efficiently.
