

PULSE MOP'S ON-BOARD RESERVOIR CLEANS UP TO 79 SQM

ENGINEERED TO INCREASE CLEANING EFFICIENCY

WITH WORKER SAFETY IN MIND

REDUCE TIME SPENT CLEANING, AND INCREASE WORK EFFICIENCY

Cleaning can be time-consuming but with proper tools, it doesn't have to be. The HYGEN Pulse Mop is an ergonomic and bucket-less way to mop any type of flooring using a microfibre mop pad. This lightweight mop has an onboard cleaning solution reservoir — perfect for a quick and effective clean.

All HYGEN Microfibre products are made with high-performing, 16-split fibres for maximised surface area coverage and particle removal.

Lightweight and ergonomic — the spray mop pad system weighs only 2.59 kg when fully loaded.
