

ARE YOU PREPARED FOR WASTE MANAGEMENT LEGISLATION?

IN ENGLAND, FROM 31ST MARCH 2025, NEW LEGISLATION WILL MEAN BUSINESSES WITH MORE THAN 10 FULL-TIME EMPLOYEES MUST SEPARATE “RECYCLING RELEVANT WASTE” PRIOR TO COLLECTION FOR PROCESSING OFF SITE.

Businesses will be responsible for the waste collected on and transported from their premises, meaning dry recyclables (which can be grouped together), food waste, and general waste must be separated.

 MIXED DRY RECYCLING  Glass  Metal  Plastic	 FOOD	 PAPER & CARD
 PLASTIC FILM (From March 2027)		

Businesses will not be able to use food waste disposal equipment (for example macerators) or other forms of food waste treatment equipment (for example dewatering or enzyme digesters) to discharge food waste or liquid derived from food waste to a drain or sewer.
