

TOTE PICKING CART

SAVE TIME & IMPROVE ONLINE ORDER FULFILLMENT

The efficiency of order fulfillment is becoming increasingly more important as consumers continue to expect faster delivery times. With three slanted shelves, the Tote Picking Cart is up to 30% more efficient, allowing quicker order picking and fulfillment.*

INCREASED VISIBILITY

Angled, open shelf design allows picking directly into Palletote® containers, reducing steps in the picking process and minimizing errors due to clear visibility.

HIGH CAPACITY

Traditional retail picking solutions only hold 6 totes while the Tote Picking Cart holds up to 9, allowing more orders to be picked at one time.

IMPROVED ERGONOMICS

Multiple shelf design enables users to avoid unnecessary bending and lifting of products.

CUSTOMIZABLE SIGNAGE

Turn your Tote Picking Cart into a moving billboard. Perfect for adding brand enhancing graphics, communicating promotions, generating revenue via ad space, or simply putting your logo on display.

HOW TO REQUEST CUSTOM SIGNAGE

1. Visit specialmade.com/totepickingcart to view custom signage and mounting bracket options.
2. Review size and substrate options and choose what works best with your needs.
3. Complete and submit the request form online, which is automatically sent to SpecialMade's Custom Solutions Specialist to begin the design process.
4. Work with SpecialMade® to design your custom signage.
5. SpecialMade® will provide a custom quote and coordinate the purchase of the signage and mounting brackets.
6. Receive signage, apply, and enjoy your new custom Tote Picking Cart.
