

TOWABLE PALLET CART & PLATFORM TRUCK

MOVE MORE... FASTER

Research shows that distribution centers waste nearly 3,000 labor hours each year due to minor inefficiencies across workflows.¹

SAVE TIME

Each product has a heavy-duty tow bar and hitch that makes it easy to move multiple carts, helping reduce inefficiencies in the workflow.

IMPROVE PRODUCTIVITY

Tow up to three carts at once with a towing vehicle, to maximize productivity and reduce trips per task.

ERGONOMIC DESIGN

The patented handle is designed with variable grip heights to suit a wide range of user heights when used manually with up to two products.

¹ Based on DCs of 50 or more workers (<https://www.rfgn.com/wp-content/uploads/2021/01/unlocking-hidden-costs-distribution-center-research-paper.pdf>)
