

BRUTE

WHEELED BRUTE®

MADE TO MOVE. BUILT TO LAST.

DURABILITY MEETS MOBILITY

The DuraTread never flat wheels allows you to move loads 5X easier* even over rough terrains.

ERGONOMIC HANDLE

Designed to require less force when moving heavy materials of up to 180 lbs with the 32G and 250 lbs with the 44G.

INTEGRATED TILT & KICK PLATE

Provides maximum leverage for controlled tilting and transporting materials.

CATEGORY LEADING WARRANTY

Backed by a 10-Year Limited Warranty.

MOVING HEAVY LOADS

JUST GOT EASIER

Dragging containers across jobsites can cause user strain and lead to injuries. With safety in mind, Wheeled BRUTE® is ergonomically constructed with features to ensure workers stay safe even on the roughest jobsite. The Wheeled BRUTE® makes transporting heavy loads easier than ever.

WHEELED BRUTE® ENSURES WORKER SAFETY

Dragging heavy containers causes user strain, in some cases leading to ergonomic injuries to the back, shoulders, and arms.

- 1 Users must flex their shoulders and bend their backs, increasing the chance of injury
- 2 Friction from dragging the container over rough surfaces requires users to exert more force

The Wheeled BRUTE® has ergonomically designed features to ensure worker safety in the toughest conditions.

- 1 Ergonomic handles leverage shoulder and torso muscles rather than relying on arm muscles alone
- 2 Kick/tilt plate enables users to tilt the wheeled BRUTE® with their foot, reducing strain on the upper body
- 3 Handle design enables users to maintain proper back posture
