

WASHROOM SELECTION GUIDE

COMPREHENSIVE WASHROOM SOLUTIONS

Enhance your facility with our complete line of washroom solutions.

SKIN CARE

Pump up the performance of your washroom with our soap and sanitizer dispensers and refills.

Pages 10–25

AIR FRAGRANCE

The freshest ideas in air-fragrance systems, including fragrance dispensers and refills.

Pages 26–37

FIXTURES

Touch-free flushers and faucets built to endure the toughest washroom conditions.

Pages 38–43

SURFACE CARE

Wall-mounted dispensers that deliver deeper levels of clean for toilets and urinals.

Pages 44–47

ACCESSORIES

Specialty products engineered to add comfort and convenience to any washroom.

Pages 48–51

A LEGACY OF LASTING INNOVATION

Companies worldwide count on Rubbermaid® Commercial Products (RCP) to get the job done. We are proud to be a global leader, trusted partner, and pioneer of professional-grade product solutions that simply work better than the rest.

WHAT SETS RCP APART?

INNOVATIVE PRODUCTS

Solutions designed to address the distinct needs of a variety of verticals: education, property management, and distribution centers.

DURABILITY

Products that meet the challenging demands of commercial facilities day in and day out.

PROVEN PERFORMANCE

Professionals trust that our products will keep their facilities running reliably and efficiently.

DECADES OF INNOVATION IN WASHROOM SKIN CARE

Since 2008, RCP has been a leader in delivering world-class washroom product solutions that meet the challenging demands of commercial facilities, while outperforming and outlasting the competition.

2008

**ACQUIRED
TECHNICAL CONCEPTS
HOLDINGS, LLC**

A leading global provider of innovative
restroom-hygiene systems.

2011

**INTRODUCED FLEX™
SOAP DISPENSERS**

and soap compatibility.

2015

**DEVELOPED MICROBURST®
AIR FRESHENER WITH
LUMECEL™**

Using indoor light as a source of power.

2017

**LAUNCHED AUTOFOAM
SOAP DISPENSER
WITH LUMECEL™**

Using indoor light as a source of power.

ENSURE A POSITIVE EXPERIENCE EVERY TIME

At RCP, we know that the condition of your washroom is important to your patrons' experience and facility's reputation. Our products are designed to stand up against heavy traffic and constant use. Their reliable and efficient performance keeps your operations running smoothly. No matter what challenges your facility faces, our complete washroom solutions will ensure that your facility maintains a professional image that leaves every visitor with a positive and lasting impression.

KEEP YOUR WASHROOM LOOKING ITS BEST

RCP's selection of solutions ensures that your washroom operates as beautifully as it looks:

PRODUCTIVITY

Keep the washrooms in your facility functioning at peak performance.

COST-IN-USE

Reduce your operating costs, while still getting the job done.

IMAGE

Protect your facility's integrity with lasting durability and consistent cleanliness.

HEALTH & WELLNESS

Touch-free, automatic design helps prevent the spread of germs on hands.

SUSTAINABILITY

LumeCel™ Technology provides a more sustainable option than batteries.

SKIN CARE

Protect your facility's image and employees' well-being with RCP's full line of skin-care solutions. Our reliable dispensing systems and high-quality soaps and sanitizers help to positively impact your bottom line.

SOAP & SANITIZER EDUCATION

Proper hand hygiene is important to preventing the spread of germs in high-traffic areas; with 80%* of germs being transmitted by touch. Understanding the roles of soap and sanitizer and how they work together can help prevent the spread of germs on hands.

*Keep Your Germs to Yourself! | Baptist Health
Bethany Chandler, Pharmacy Resident, BHMC-Little Rock
<https://www.baptist-health.com/keep-your-germs-to-yourself/>

LEARN THE INGREDIENTS

Soaps and sanitizers are made up of a combination of ingredients to meet your specific needs.

SOAP:

Water + Surfactant + Fragrance / Dye / Moisturizer / Antibacterial

1 2 3 4 5

SANITIZER:

Water + Moisturizer + Antibacterial / Alcohol

4 5 6

1 SURFACTANT:

Cleansing and foaming agent that removes dirt and germs

2 FRAGRANCE:

Clean with or without added scents

3 DYE:

Clean with or without added color

4 MOISTURIZER:

Helps to keep skin hydrated

5 ANTIBACTERIAL:

Alcohol-free ingredient helps to kill germs on hands

6 ALCOHOL:

Active ingredient used in alcohol-based sanitizers

KNOW THE DIFFERENCES

SOAP

FOAM

- Dispenses in a light, airy consistency
- Lathers quickly for an easy hand wash
- Rinses easier to reduce drain maintenance

LOTION

- Dispenses in a thick, liquid consistency
- Creates a rich lather
- Most effective in eliminating hand bacteria¹
- Uses more water in day-to-day handwashing activities

SANITIZER

FOAM

- Dispenses in a light, airy consistency
- Use frequently between hand washes
- Complements a proper hand wash
- Acts quickly to kill germs on hands

¹Foam Soap is Not as Effective as Liquid Soap in Eliminating Hand Microbial Flora
Nicolette Dixon - [https://www.ajicjournal.org/article/S0196-6553\(17\)30082-2/fulltext](https://www.ajicjournal.org/article/S0196-6553(17)30082-2/fulltext)

PRACTICE PROPER HAND HYGIENE

Frequently wash hands with soap and water, even when hands aren't visibly dirty

When washing hands, scrub for at least 20 seconds to remove dirt and germs

Sanitizer should be used in-between and after hand washes to maintain hand hygiene

Germs can be transferred more easily to and from wet hands, so hands should be dried after washing

ACHIEVE CERTIFICATIONS

Certification is based on Green Seal standards, which contain performance, health, and sustainability criteria.

Criteria is based on the type of soap, formulation, and packaging.

- Indicates that the product is certified in the SKU listings

Leadership in Energy and Environmental Design (LEED) is a point system. The more energy efficient and "green" the building is, the more points it will earn.

RCP Products indicated could contribute towards satisfying O + M Green Cleaning, Waste Performance and / or Water Performance Credits under LEED.

- LEED Indicates product eligible to contribute to LEED® prerequisites and credits

National Sanitation Foundation (NSF) certification is a regular on-site inspection of manufacturing facilities and re-testing of products to ensure that they continue to meet the same high standards required over time.

The NSF Hand Care product category is divided into three sub-categories relevant to RCP's Skin Care line:

- E1 – Handwashing products
- E2 – Handwashing and sanitizing products
- E3 – Hand-sanitizing products

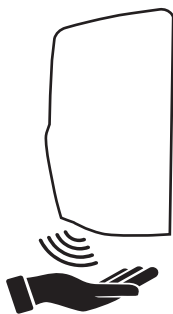

- Indicates that the product is certified in the SKU listings

DISPENSER EDUCATION

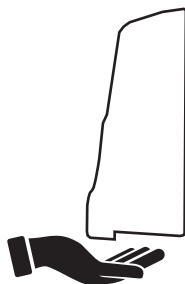

COUNTER-MOUNT AUTOMATIC

- Dispenses soap touch-free
- Controlled portioning reduces refill maintenance and waste
- Requires batteries for operation
- Includes helpful indicator lights
- Optimizes wall space

WALL-MOUNT AUTOMATIC

- Dispenses soap touch-free
- Controlled portioning reduces refill maintenance and waste
- Requires batteries for operation*
- Includes helpful indicator lights
- Convenient, easy installation

WALL-MOUNT MANUAL

- Dispenses soap on demand with push bar
- Includes viewing window for refill maintenance
- Operates without batteries
- Convenient, easy installation
- Most economical option

*Excludes AutoFoam dispenser with LumeCel technology, which is powered by indoor light.

OneShot® Foam

Smart Sensor™ Technology dispenses soap automatically to help improve the health and enhance the image of your facility.

Mounts flush with the counter to maintain the clean look of your washroom with motion-activated sensors that dispense soap automatically to help reduce cross-contamination.

- 1 SMART SENSOR™ TECHNOLOGY:** Motion-activated sensors dispense controlled amounts of soap
- 2 LONG BATTERY LIFE:** Lasts up to two years or 90,000 handwashing cycles
- 3 COMPLEMENTARY DESIGN:** Pairs well with the RCP AutoFaucet® design
- 4 CONTROLLED DOSING:** Precisely dispenses just enough soap to clean hands

SANITIZER STANDS

Support better hygiene, facility-wide, with our versatile sanitizer solutions—designed for strategic placement at entryways, near elevators, and in other high-traffic areas for maximum accessibility.

AutoFoam Premium Floor Stand

Offers superior compatibility, allowing touch-free dispensers to be mounted to a sturdy, secure stand for demanding commercial environments.

- All-metal base and pole helps stabilize the hand sanitizer stand for secure placement
- Works with RCP AutoFoam and AutoFoam with LumeCel™ dispensers and sanitizer refills
- Built-in drip tray helps eliminate messes on floors by collecting excess sanitizer
- Optimal height allows for quick, convenient access for users on-the-go
- Space for customized messaging; hand hygiene label included to clearly promote health and wellness

AIR FRAGRANCE

Protect the perception and reputation of your facility with RCP's full line of air-fragrance solutions. Our consistent dispensing systems blend into the washroom environment, attack odors at the source, and release fresh-smelling fragrances to create the ultimate sense of cleanliness.

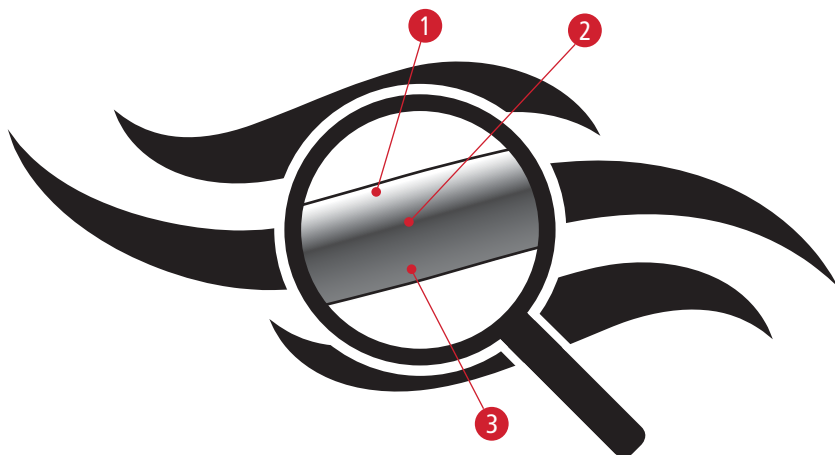

FRAGRANCE EDUCATION

Fragrance can reinforce the feeling of cleanliness and freshness in the washroom; 77%* of patrons who experience a business with unpleasant washroom smells, leave with a negative perception of the business. RCP offers a full line of air-fragrance options that can help you create a positive experience.

*Source: The State of Air Care, Initial Hygiene, 2017

LEARN THE COMPOSITION

Fragrances are made up of three main “notes” that help to create a blended scent.

- 1 **Top Notes:** Also known as “head notes,” serve as the first impression you get from the fragrance.
- 2 **Middle Notes:** The “heart,” or main body of the fragrance, that gives the fragrance its character.
- 3 **Bottom Notes:** The base, which tends to be heavier and fuller, giving the fragrance its strength.

KNOW THE FRAGRANCE FAMILIES

RCP’s fragrance options fall within five distinct fragrance families, based upon their scents:

FLORAL

Blooming scents of rose, jasmine, and violet; or garden greens reminiscent of freshly-cut grass, leaves, and stems.

FRUITY

Luscious and fruity, with fresh-picked scents of apple, pear, plum, mango, peach, and melon.

CITRUS

Invigorating and uplifting, bursting with scents of lemon, mandarin orange, and other fragrant citrus oils.

HERBAL

Bold and aromatic herbals, include garden-fresh scents of rosemary, mint, coriander, lavender, and sage.

FOUGÈRE

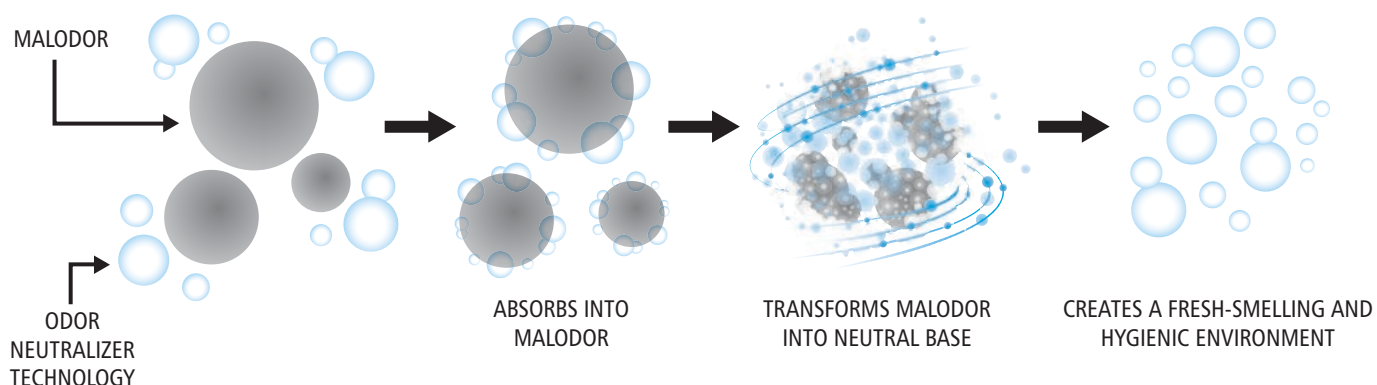

Classic masculine scents, grounded in nature, include lavender, moss, and rich woods.

WHAT SETS RCP FRAGRANCES APART

Traditional air fresheners only camouflage malodors. RCP's fragrance options have an odor neutralizer, which attacks and effectively eliminates unavoidable odors in the washroom; completing two-jobs-in-one: removing odors and creating fresh-smelling environments.

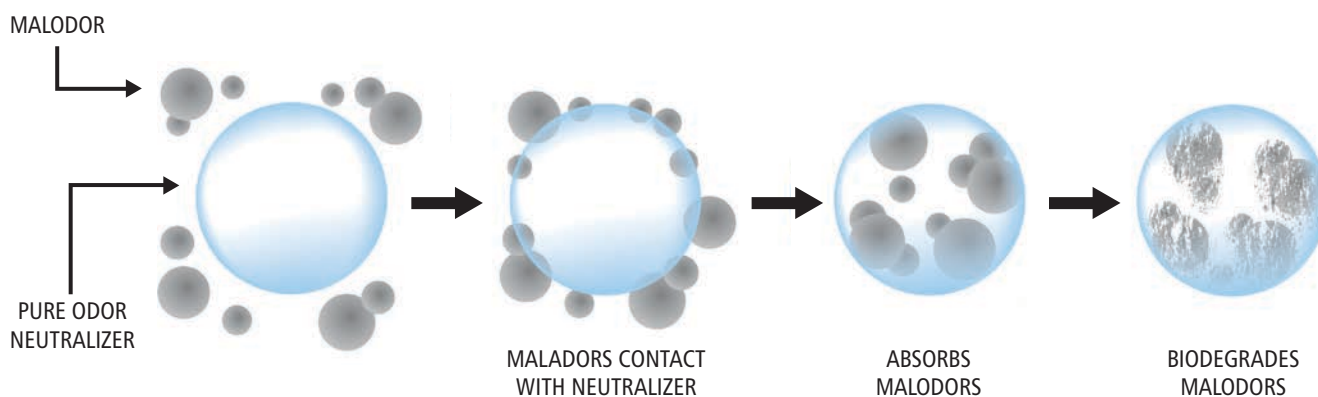

ODOR NEUTRALIZER

Locks onto malodor molecules to neutralize the odor.

FRAGRANCE-FREE ODOR NEUTRALIZER

RCP also offers a Pure Odor Neutralizer for environments, where odor removal is desired, but fragrance is not. This option is a blend of natural extracts and purified water that attracts, captures, and neutralizes malodors.

DISPENSER EDUCATION

ACTIVE

- Aerosol system relies on valve-actuating mechanism to dispense fragrance automatically
- Programmable dispensing options reduce refill maintenance and waste
- Requires batteries for operation*
- Includes helpful battery and refill life indicators

PASSIVE

- Relies on natural air movement to dispense fragrance
- Operates without batteries
- Non-aerosol system does not include propellants or added harmful volatile organic compounds (VOCs)

AIR CARE

Protect the perception and reputation of your facility with RCP's full line of air care solutions. Our consistent dispensing systems blend into the washroom environment, attack odors at the source, and release fresh-smelling fragrances to create the ultimate sense of cleanliness.

*Excludes Microburst 3000 dispenser with LumeCel technology, which is powered by indoor light.

Microburst® 3000

Compact dispensers that release fresh fragrances.

Keep your washroom smelling fresh with a space-saving, adjustable dispenser design.

- 1 COMPACT DESIGN:**
Blends into your existing washroom at half the size of RCP's Standard dispenser
- 2 REFILL ACTUATOR:**
Patented, valve-actuating mechanism releases fine fragrance mist into the air
- 3 LCD FLEXIBLE PROGRAMMING:**
Maximize product life and cost-efficiency with a combination of adjustable program settings:
 - Spray interval: 7, 14, or 28 minutes
 - Hours per day: 12 or 24
 - Days per week: 5, 6, or 7
- 4 LCD INDICATOR:**
Displays battery life and days remaining to refill, with an optional low battery/refill audio tone

Provides three times the refill capacity of the Microburst® 3000, resulting in the highest fragrance output and best cost-in-use.

- 1 LCD INDICATOR:**
Displays battery life and days remaining to refill, with an optional low battery/refill audio tone
- 2 LCD FLEXIBLE PROGRAMMING:**
Maximize product life and cost-efficiency with a combination of adjustable program settings:
 - Spray interval: 7 or 14 minutes
 - Hours per day: 12 or 24
 - Days per week: 5, 6, or 7
- 3 REFILL ACTUATOR:**
Patented, valve-actuating mechanism releases fine fragrance mist into the air

TCell™

Delivers continuous, passive odor control for up to three months.

Passive fuel cell technology delivers precise, timed fragrance for up to 90 days of consistent odor control.

- 1 FUEL-CELL TECHNOLOGY:**
Hydrogen released into the refill chamber forces fragrance into the air at a consistent rate and distributes throughout room with natural air flow
- 2 FLEXIBLE CONTROL SETTINGS:**
Standard Setting: 60 days - Standard Size Washroom: 3 to 4 stalls/fixtures
Light Setting: 90 days - Smaller Size Washroom: 1 to 2 stalls/fixtures
- 3 BATTERY-FREE OPERATION:**
Passive fuel-cell technology consistently delivers fragrance without the need for batteries

Up to 90 days or 3 months	6,000 ft ³	3,000	Small, compact design
Up to 180 days or 6 months	6,000 ft ³	9,000	Offers more sprays per refill
60 or 90 days, or 2 to 3 months	6,000 ft ³	N/A	No propellants or added VOC's

FIXTURES

Keep your washroom running efficiently and reliably with RCP's faucets and flushers. Our automated fixture options utilize smart-sensor technology to ensure the washroom is always clean, presentable, and ready for patron use.

FIXTURES

AutoFlush® Sidemount

Replace an existing fixture with an automatic flushing system.
Install an automatic flush system in minutes without shutting off water.
Ideal for both urinals and toilets!

- 1

REPLACEMENT SOLUTION:
Remove and replace current flush handle to automate existing system
- 2

SMART DESIGN:
Combines an angled-lens design with advanced sensor technology that activates even when the toilet seat is raised
- 3

DRY CAM-GEAR TECHNOLOGY:
Controls the water flow, ensures worry-free operation, and eliminates solenoid valves to prevent costly repairs
- 4

LONG BATTERY LIFE:
Lasts more than three years or up to 100,000 flushes
- Four C batteries included

AutoFaucet

Dispenses water automatically with dependable Surround Sensor™ Technology.

Surround Sensor™ Technology dispenses water only when needed and helps prevent the spread of germs.

- 1 SURROUND SENSOR™ TECHNOLOGY:**
Creates an omnidirectional sensing zone that guarantees activation every time
- 2 DRY CAM-GEAR TECHNOLOGY:**
Controls the water flow, ensures worry-free operation, and eliminates solenoid valves to prevent costly repairs
- 3 COMPLEMENTARY DESIGN:**
Pairs well with the RCP OneShot soap dispenser design
- 4 LONG BATTERY LIFE:**
Lasts more than three years or 400,000 handwashing cycles
- Four D batteries included
- 5 OPTIONAL THERMOSTATIC MIXING VALVE:**
Ensures water remains in the desired temperature range

COST-IN-USE:

Saves on water usage costs by dispensing water only when needed

SUSTAINABILITY:

Provides water savings by dispensing water on demand

HEALTH & WELLNESS:

Touch-free, Surround Sensor™ Technology helps prevent the spread of bacteria

HELPFUL HINT:

AutoFaucet® can contribute toward satisfying Credit 'Indoor Water Use Reduction' under LEED®

SURFACE CARE

Improve the cleanliness of your facility with RCP's surface-care solutions. Our cleaning systems dispense formulas that help to provide a high standard of clean for washroom surfaces.

SURFACE CARE

AutoClean®

Automatically dispenses solution that cleans and deodorizes fixture surfaces.

A cleaning system that ensures toilets and urinals are always clean, odor-free, and presentable

- 1 IN-LINE INSTALLATION:**
Delivers cleaning solution to hard-to-reach areas, such as rim holes, to ensure that the entire fixture is clean
- 2 FLEXIBLE PROGRAMMING:**
Maximize product life and cost-efficiency with a combination of adjustable program settings:
 - Spray intervals: 3 to 43 minutes
 - Hours per week: 8, 12, 16, or 24
 - Days per week: 5, 6, or 7
- 3 FRAGRANCE REFILL:**
Powerful cleaner and deodorizer formulation offered in two fragrances
- PURINEL® REFILL:**
Specialized formula removes mineral deposits on fixtures and prevents calcium build-up on pipes

ACCESSORIES

Provide comfort and convenience for patrons with RCP's washroom accessories. Our baby changing stations and sanitary bins blend into the environment and keep your washroom ready for patron use.

Baby Changing Station

Offers a secure baby changing solution with best-in-class durability and convenience.

Made from durable molded polypropylene for the convenience of guests with small children.

- 1

ANTIMICROBIAL PROTECTION:
Specially-treated surface helps reduce the risk of cross-contamination
- 2

ERGONOMIC DESIGN:
Opens conveniently with one hand, so guests can also hold baby and supplies
- 3

ACCESSORY SHELF:
Keeps essentials nearby, but safely out of baby's reach
- 4

LINER HOLDER:
Built-in, easy-to-service dispenser holds up to 40 disposable liquid-barrier liners
- 5

EASY-REACH HOOKS:
Securely holds diaper bags, purses, and supplies
