

RECYCLING STATION BUYING GUIDE

IMPROVING

RECYCLING COMPLIANCE

To comply with growing legislation, achieve regulatory certification and demonstrate social responsibility, it is imperative that facilities implement sustainability initiatives and establish zero waste goals.

Rubbermaid Commercial Products offers a range of products to support these initiatives in both front-of-house and back-of-house operations.

HELPFUL HINT:

RCP recycling solutions can contribute toward satisfying Materials and Resources credits for LEED®

SLIM JIM® RECYCLING STATION

The Slim Jim® Recycling Station offers a front-of-house look with back-of-house functionality.

The recycling bins are compatible with a wide range of color-coded lids and billboards, lid opening styles, and waste stream labels to maximize customization.

SUSTAIN

Improve recycling effectiveness with the Sustain recycling station, a decorative and adaptable recycling solution designed to meet any facility's needs.

The modular system allows the station to be customized to and grow with each recycling program.

CONFIGURE™

Configure™ decorative refuse containers have a modern appearance that will fit seamlessly into any commercial environment.
