

PURPOSEFUL SOLUTIONS

RESPONSIBLE SOURCING & SOCIAL COMPLIANCE

Prioritizing initiatives to reduce environmental impacts is imperative for daily operation, no matter the size of your facility.

As a global leader in the design, manufacturing, and delivery of cleaning, hygiene, and waste management products, Rubbermaid Commercial Products® (RCP) is committed to creating durable and innovative solutions for any facility to promote responsible management and protection of Earth's natural resources.

HOW RCP CAN HELP

- **Ensure Long-Lasting Product Durability**
- **Support Increasing Recycling Compliance**
- **Reinforce Responsible Resource Use**
- **Promote Products Containing Recycled Content**

CONTRIBUTE TOWARD LEED® CERTIFICATION

RCP is a proud member of The U.S. Green Building Council® (USGBC). Several products in RCP's portfolio can contribute toward earning points needed for LEED certification, as outlined in this brochure.

USGBC® is a membership-based non-profit organization that promotes sustainability in building design, construction, and operation.

USGBC is best known for its development of the Leadership in Energy and Environmental Design (LEED) green building rating systems.

Look for the LEED logo to find RCP's products eligible to contribute to LEED prerequisites and credits.

USGBC and the related logo are trademarks owned by the U.S. Green Building Council and are used with permission.

CATEGORY-LEADING PRODUCT DURABILITY

Backed by a category-leading 10-Year Limited Warranty, BRUTE® products won't fade, warp, crack, or crush, to stand up to the test of time and to tough jobs.

The commercial-grade construction ensures a long product life cycle, providing less replacement and preventing excess landfill waste.

RECYCLE-STREAM READY AIR CARE REFILLS

CirculAir 90™ is designed for recyclability and simplicity. Both the CirculAir 90 dispenser and Refill are battery free — reducing waste, lowering maintenance time, and ensuring continuous, reliable performance.

CIRCULAIR 90 REFILLS are recycle-stream ready without the need to dismantle.

CirculAir 90 has received formal recognition from the Association of Plastic Recyclers (APR) for our commitment to recyclability by meeting the highest criteria outlined in the APR Design® Guide for Plastics Recyclability, reducing our carbon footprint and advancing sustainability.

The Association of Plastic Recyclers (APR) is the only North American non-profit focused exclusively on improving recyclability for plastics, established this program to provide third-party validation for packaging that is designed to meet the highest criteria for recyclability according to the APR Design® Guide for Plastics Recyclability.

RESPONSIBLE RESOURCES IN WASHROOM SOLUTIONS

Many RCP hand soap refills are responsibly produced to help minimize harm to the environment and meet qualifications for several accreditations.

LUMECEL™ TECHNOLOGY efficiently powers dispensers using only indoor light and eliminates the need to purchase, store, replace and dispose of alkaline batteries.

**NSF**

E1 – Products acceptable as a hand washing compound for use in official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs.

E2 – Products acceptable for use as a hand washing and sanitizing compound for use in and around food processing areas.

E3 – Products acceptable for use as a hand sanitizing product in and around food processing areas.

**GREEN SEAL™**

This product meets the Green Seal™ standard for institutional hand cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

**ECOLOGO®**

UL ECOLOGO® Certified products and services are verified for reduced environmental and health impact. ECOLOGO Certifications are voluntary, multi-attribute, life cycle-based environmental certifications that indicate a product has undergone rigorous scientific testing and exhaustive auditing to prove its compliance with stringent, third-party environmental standards.

PRODUCTS CONTAINING RECYCLED MATERIALS

Several products across the RCP portfolio are constructed from recycled materials, including PCR (Post-consumer Recycled Content).

RCP WET MOPS AND MICROFIBER CLOTHS are eligible to contribute to LEED® prerequisites and credits.
